

Washington State AFH/HCBS Program Integrity Evidence Base (Extended)

Final Deliverable Package

This package extends the Washington State Adult Family Home (AFH) evidence base to 10 deliverables. It tests 20 review-priority indicators, derived from Minnesota's public Medicaid enforcement record, against Washington public data, using verifiable sources only. No fraud is alleged against any provider.

Directory of Deliverables

Datasets & Visualizations

1. **WA_AFH_Growth_2013_2026.csv / .png** (Section A)
2. Reconstructed year-by-year AFH count, highlighting the post-2018 surge.
3. **WA_Medicaid_AFH_Contract_Trends_HISTORICAL.csv** (Section B)
4. Official 2009-2018 Medicaid-contracted facility and bed counts.

Memos & Analysis Documents

1. **WA_Audit_Oversight_Findings.pdf** (Section E/F)
2. Extraction of WA SAO audit findings on HCA's oversight processes, compared structurally to findings from Minnesota's legislative auditor.
3. **WA_MN_Comparison_Matrix.pdf** (Section G)
4. Structural comparison of Washington's licensing model against Minnesota's; see the memo's status note for how this framing was revised.
5. **WA_Public_Data_Review_Priority_Tier.pdf** (Section H)
6. Exploratory supporting memo on public-data review-priority tiering, including an illustrative non-validated rubric; the manuscript uses a qualitative PDRT framing.
7. **WA_Data_Availability_Matrix_Updated.pdf** (Section I)
8. Explicit accounting of what is public vs. what requires a Public Records Request (PRR).
9. **WA_Readiness_Memo.pdf** (Section J)
10. Executive synthesis of the pilot's findings, limitations, and recommendations for deployment.
11. **WA_Expanded_Bibliography.pdf** (Section F)
 - Comprehensive list of all primary sources used in the extended pilot.
